AREA DEMO- GRAPHICS

The San Francisco Bay Area, sometimes referred to as The Bay Area, is a metropolitan area that lies along the San Francisco Bay in northern California, with an estimated population of 7.15 million people. Its area is often defined as the area covered by the nine counties that border either San Francisco Bay or San Pablo Bay: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma.

By this definition, the Bay Area has a population of over seven million residents, making it the second largest metropolitan area west of the Mississippi. This nine county area consists of cities of various sizes that lie more or less contiguously around the length of the bay. Three large cities dominate the area: San Francisco, San Jose, and Oakland. Because, unlike most other metropolitan areas in the United States, no single large city dominates the region, residents generally refer to the region generically as the *Bay Area*, without associating it with any one city.

San Francisco's Fillmore Street is a business district with typical historic San Francisco architecture where you will find examples of both old and modern structures sharing the avenues. The main thoroughfare is a retail destination for visitors and residents alike with the Victorians lining the street sharing it with buildings built in the 1960's.
